

001  
the voice in me

I know I live a life inside my head  
I don't know how to stop and analyze  
I think so I exist.

I know, when I decide for good or bad,  
logic may not be the best advice  
There's something that I'd miss.

I discover the key - they voice in me.

I hear the news of the galaxy.  
I hear myself inside with passion.  
I speak through me.

I see the future within my dreams  
I see the chains of my obsessions  
I see internally.

I know a way to break out of my head.  
I just need to stop and analyze  
to listen and to see.

From now on I could say: " I trust instead",  
though I find it hard to realize -  
I have the truth in me.

002  
against my life

Who's the sad pale sinner  
in this picture of my past?

I look lost and thinner  
like the shadow that I cast.

What could ever reach me?  
What could ever lead me?  
What could ever teach me  
how to realize :

I was hate. I was sleeping consciousness.  
I was cool but that made my emptiness  
rise as the pain inside.

I was stone for the wall I built inside.  
I was blown by the pure insight that I fight  
against my life.

Where's the world I live in  
in this picture in my hand?

Did I just start living  
in a self made promise land?

What could ever change me?  
What could rearrange me?  
What could make the strange me  
give up this fight?

I was hate. I was sleeping consciousness.  
I was cool but that made my emptiness  
rise as the pain inside.

I was stone for the wall I built inside.  
I have changed. I'm no longer willing to fight  
against my life.

003  
Gone

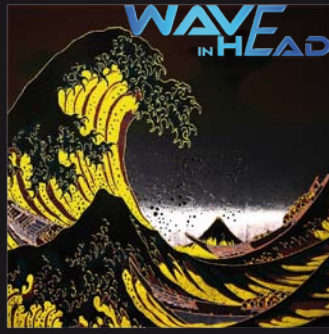

It rains right next to her. With opened eyes,  
watching the open window,  
she tries to clear the blur within her mind.  
And every drop falls like a blast.  
Wasn't it to last? For now? And ever?

'Cause you are gone the day turned to grey.  
'Cause you are gone, 'Cause you left me.  
'Cause you are gone the world turned to blue.  
Can I go on without you ?

The days and nights go by - wasted time.  
And no one brings it back.  
Will she begin to try to find the signs?  
Will she begin to watch her life?  
Where could be the light  
that lights forever?

'Cause you are gone the day turned to grey.  
'Cause you are gone, 'Cause you left me.  
'Cause you are gone the world turned to blue.  
Can I go on without you ?

So far you made your way outside  
Remaining empty with each trial.  
Is there a treasure in your life?  
Something that lasts forever?

004  
dieser Tag

Wieder Abschied, weil man sich im Wege steht.  
Zwischen Untergang und Hoffnung, weil sie geht.  
Wieder Tage voller Zeit, die nie vergeht.  
Dieses Mal wird alles anders weil ich seh'.

Wieder Aufbruch in ein unbekanntes Tal.  
Unabänderlich die Wege uns'rer Wahl.  
Jeder seinen Weg und doch das gleiche Ziel.  
Dieses Mal weiss ich es besser weil ich fühl'.

An diesem Tag hab' ich dich doch nicht ganz verloren,  
auch wenn du sagst, ich hätt' es anders auserkoren.  
Meine Wahrheit ist, dass niemand geht verloren.  
Alles Auf und Ab nichts weiter als ein Spiel.

Nimmt das Leben weil man doch nicht lassen mag?  
Oder geht sie weil so vieles ungesagt?  
Keine Kraft, kein Widerstand unendlich gross.  
Wenn auch die Welt zerbricht, ich lass dich einfach los.

An diesem Tag hab' ich dich doch nicht ganz verloren,  
auch wenn du sagst, ich hätt' es anders auserkoren.  
Meine Wahrheit ist, dass niemand geht verloren.  
Alles Auf und Ab nichts weiter als ein Spiel.

005  
as if

There's a moment when the sun goes to sleep,  
and the noise calms down to rest at my feet.

And I feel as if I could go through the walls.  
And I feel as if I should know from the stars.

Perhaps you'll tell me that I am wrong.  
It makes no sense to ponder for so long.

though I feel as if there's a truth under glass,  
though I feel as if I should know from the stars.

There's a moment when the moon shines on me,  
and the air smells like a blue memory.

And I feel as if I could go through the walls.  
And I feel as if I should know from the stars.

006  
lead the world of mine

It started with a desperate feeling.  
And suddenly I knew this is the way.

It felt as if my blood was freezing  
'cause your eyes blew my past away.

You can be the time in my world.  
You can lead the world of mine.  
You can be the light in my darkness.  
You can lead the world of mine.

I was used to getting older  
without knowing me - before you came.

I saw my hand lay on your shoulder  
and a sea of angels called your name.

You can be the time in my world.  
You can lead the world of mine.  
You can be the light in my darkness.  
You can lead the world of mine.

007  
like I know me

Whenever I try to detect some peace in me -  
I never decide on the path that leads to it.

I'm captured in my mind. I think I'm captured in my  
mind.  
And nothing will calm me down as long as I...

As long as I'm not  
like I know me.  
As long as I'm not  
like I want me.

I withdraw myself all the wealth of a brand new day.  
I don't see the pleasure. I just see the world in grey.

I'm captured in my mind. Somehow I'm captured in my  
mind.  
And nothing will ever happen as long as I...

As long as I'm not  
like I know me.  
As long as I'm not  
like I want me.

However I know there's a way that I want for me.  
But I never make it to the place I want to be

I'm captured in my mind. I know I'm captured in my  
mind.  
As long as I am how I think the world wants me.

008  
Mit dir

Kannst Du mich sehen, so wie ich dich sehe,  
dann kannst du verstehen, was ich dir sagen will.

In deiner Nähe wird es Licht. Mit jedem Schritt, den wir  
gehen,  
wird der Sturm in mir still.

All meine Wünsche verbinden sich hier.  
All meine Lust dieses Leben zu führ'n ist bei dir.

Nicht nur damit irgendwer bei mir ist,  
oder dass mich irgendjemand vermisst. Nicht bei dir.

Kannst du mich sehen, so wie ich dich sehe,  
dann kannst du verstehen, warum ich nicht anders  
will.

Mehr als ich gehe, komm ich zurück zu dir.  
Mit dir in der Nähe, kann es sein wie es will.

Welch ein Gefühl so verbunden zu sein.  
Schön so gesucht und gefunden zu sein, wie mit dir.

Hier kann ich sein wie ich bisher nie war.  
Nie war im Leben mein Herz mir so klar, wie bei dir.

Noch nichts hat mich erwischt, mich so berührt.  
Nichts in diese Welt je so entführt.

Eins sein, Dich halten und nie mehr verlier'n.  
All meine Lust dieses Leben zu spur'n ist bei dir.

009  
neue Hoffnung

Ich spür' die Macht. Ich fühle hunderttausend Volt,  
fühle den Rhythmus, dem ich folg' - endlos und über  
jede Form.  
Ich seh' mich frei, weil ich bin, was ewig bleibt.  
Ich erlebe und beschreib', was zu erleben ich bereit bin.  
Ich bin soweit.

Die neue Hoffnung ist, dass wir uns sehen könnten, wie  
wir sind.  
Die neue Hoffnung ist, die Welt wär' so genial, wie wir  
es sind.

Ich hab' erkannt, wie jeder Tag sich ändern kann,  
dass zwischen Glück und Untergang oft unser Bild vom  
Leben steht.  
Doch sind wir frei? Kann das Leben, das wir seh'n  
völlig neu vor uns ersteh'n, wenn unser Blick im  
Gestern bleibt?  
Wir sind soweit.

Die neue Hoffnung ist, dass wir uns sehen könnten, wie  
wir sind.  
Die neue Hoffnung ist, die Welt wär' so genial, wie wir  
es sind.

010  
Night train

Your trip to another day begins at night.  
The train that you take is hidden from the light.  
You pass, you release the world of yesterday.  
A black empty window keeps the night away.

Tomorrow's your direction and you dive  
into a brand new world - a brand new life.

You can't stay awake, no matter how you try.  
You fall through a wall of dreams into the night.  
You fail to control the path you're riding on.  
The cares that you had turn to oblivion.

Tomorrow's your direction and you dive  
into a brand new world - a brand new life.  
The day you lose reminds you that you win.  
Forget the mess you leave and choose again!

Drop the pain, release the passion for it all.  
You're a grain within that something in that nothing of  
it all.

Wake up! You can take the chance to change the course.  
Do you recognize the station that is yours ?

011  
the magician

In a manner I'm the one  
who creates and waves the wand  
in a magic world,  
making clouds out of the blue  
building dreams and ways for you  
by a single word.

I am getting into your heart.  
I am going into your soul.  
I am coming into your world.

I am getting into your heart.  
I am living within your dreams.  
I am coming into your world.

In a higher sense of truth  
you are me and I am you.  
It's not a lonely world.  
There's no better plan than this  
I am heaven you are bliss.  
What a lovely world !

I am getting into your heart.  
I am going into your soul.  
I am coming into your world.

I am getting into your heart.  
I am coming into your life.  
I am coming into your world.

I remind if you forget.  
There is nothing you can't get  
by a single word.  
See that you don't have to fight.  
Just release and feel the might  
of an endless world.

In a manner you're the one  
who creates and waves the wand  
in a magic world.  
Just create it safe and warm.  
Come and fall into my arms  
in our common world.

012  
This life is mine

I don't need to feel your expectations.  
I don't want to heal your complicated lives.  
I've got mine.

I don't pay the bills for your abbreviations.  
I don't climb your hills to help you save your rights.  
I've got mine.

Anyhow I know for certain:  
This time this life is mine.

I don't want to waster my life in patience.  
I don't want to haste to save you precious time.  
I need mine

I don't want to give when I don't want to.  
I just let you live your independent life.  
'Cause I've got mine.

013  
was auch immer

Ein Tag und die Ewigkeit sind lange genug.  
Ich weiss, dass Du willst, dass Du hoffst, dass Du  
suchst.

Dein Glück für die Ewigkeit, doch was Du auch tust -  
es bleibt das Gefühl es ist niemals genug.

Du, was auch immer Du tust,  
was auch immer Dich hält, lass es los!  
Das Leben ist bloß Illusion.

Du, was auch immer Du sollst,  
was auch immer Du musst, lass es geh'n!  
Das Leben ist schön, wenn Du willst.

Ein Tag und die Ewigkeit sind lange genug.  
Ich weiss, was die Welt, die Du willst, für Dich ist.

Es geht Dir um Wirklichkeit, doch halte den Mut.  
Der Kampf ist vorbei, wenn Du einfach nur bist.

Du, was auch immer Du tust,  
was auch immer Dich hält, lass es los!  
Das Leben ist bloß Illusion.

Du, was auch immer Du sollst,  
was auch immer Du musst, lass es geh'n!  
Das Leben ist schön, wenn Du willst.

Es gibt ein Gefühl, dass Dir sagt, was zu viel und  
was einfach nur gut ist. Komm mit, lass Dich geh'n

Du, was auch immer Dich quält,  
es gibt Dinge, die sind einfach so.  
Vergiss und lass einfach mal los.

014  
only in your heart

You seem to be awake.  
How you move and talk and pretend.  
But little things you make  
seem to show you're not - your feet stand

in your own world.

Thinking leads to war:  
Dream against the every day life.  
So your thoughts are far,  
far away within your own light,

in your own world.

You're longing for the day  
to begin the way you want it.  
But you wipe away  
all the grey as long as you live

in your own world.

Only in your heart it feels like real.

015 - b-side  
Suddenly

There is an urgent need inside to disappear from time to  
time.

To drag me out, to free my life, to hear the sounds  
within my mind.  
I'll never need a drug to forget the darkness of the  
past.

I'll never need a hand to hold against the shadow that  
it casts.

And I forget the world outside. Forget the whole world  
outside.

Suddenly, suddenly I get out of my life.  
Suddenly, suddenly I forget about the time.  
Suddenly, suddenly...

No matter how diseased the world is - my heart begins  
to smile.

I go and turn the music on and make it better for a  
while.  
And I forget the world outside. Forget the whole world  
outside.

Suddenly [I need the music], suddenly I get out of my  
life.

Suddenly [I need the music], suddenly I forget about the  
time.

Suddenly [I need the music], suddenly...
